## Education

**Dr. A.P.J. Abdul Kalam Technical University**

**July 2019 – July 2023**

*Bachelor of Technology in Information Technology (8.5/10 CGPA untill 6 Sem)*

*Ghaziabad, UP*

10th(2017) | 12th(2019)

## Projects

**Email Administration Application** | **PROJECT-URL** | *JAVA, Object Oriented programming*

- Generate an email with the following syntax: `firstname.lastname@department.company.com`.
- Determine the department (sales, development etc), if none leave blank and generate a random String for a password.
- Have set methods to change the password, set the mailbox capacity, and to define a alternate email address. Have get methods to display the name, email, and mailbox capacity.

**Monster News** | **PROJECT-URL** | *React, NEWSAPI.org API, VS Code*

- Created a news Web-App using React for providing the latest news articles published by world top orgs like NY times.
- Implemented the functionality of Infinite Scroll, Top-loading-bar, react-loader-spinner for async-await operation.

**MyNoteBook** | **PROJECT-URL** | *React, NodeJS, Express, MongoDB, JWT*

- Built a Notes taking full-stack Web-App where users can login/signup and store all their important notes.
- Implemented routes restriction functionality so that only authorized users can perform CRUD operations.
- Implemented the functionality of JWT for user authentication and used POSTMAN for testing the APIs

**Holidays Easy** | **PROJECT-URL** | *React, NodeJS, Express, MongoDB, JWT, Cookies*

- Built a Online Reservation Web App so anyone from anywhere can book Hotels, resorts, etc.
- Implemented routes restriction and Cookies functionality so that only authorized users can book the Rooms And Only Admin is Allowed to do operations like Add and Delete users, Hotels, Rooms.
- Implemented the functionality of JWT for user authentication and used POSTMAN for testing the APIs

## Achievements

- \* Secured Global **rank 24** on CodeChef among **10000+ participants** in April Long Two 2022.
- \* Secured Global **rank 33** on CodeChef among **12000+ participants** in Jan Long 2023.
- \* Secured Global **rank 132** on CodeChef among **5000+ participants** in Starters 69.
- \* Secured Global **rank 183** on CodeChef among **9000+ participants** in Starters 37.
- \* Secured Global **rank 220** on CodeChef among **17000+ participants** in Starter 60.
- \* **5 stars (GOLD BADGE)** at Problem Solving on HackerRank.
- \* **Java 5 stars (GOLD BADGE)** on HackerRank.
- \* **Top 7 percent(1780) and 4 stars** at LeetCode with more than 950+ problems solved.
- \* **3 stars** on **CodeChef** with rating **1750+**.
- \* **pupil** on **CodeForces** with rating **1360+**.
- \* Found and successfully submitted a **bug** on **LeetCode**.
- \* Score Highest in whole IT department in semester 4 with SGPA above **9.4**.
- \* **2 times topper** of **National Programme on Technology Enhanced Learning** Course.
- \* Completed 2021 Hacktober fest with **multiple open source contributions**.
- \* Made **20+ projects** in web Development and other Domains.
- \* Earned **350+** points on GeeksForGeeks.

## Experience

**Smart India Hackathon**

**Front End Developer (Team Leader)**

- \* Worked on the project named as "Kalkirti" which is a cross platform for both buyers and sellers of Indian handicrafts.
- \* Collaborated with team members using version control systems such as Git to organize modifications and assign tasks.
- \* Researched, documented and selected alternatives for web architecture or technologies.

**NetCamp**

**Web Developer Intern**

- \* Wrote well-designed, testable code for multiple web applications.
- \* Prepared reports or correspondence concerning project specifications, activities or status.
- \* Maintained understanding of current web technologies and programming practices through continuing education and participation in professional workshops and training.

## Technical Skills

**Languages:** Java, C, HTML/CSS, JavaScript, SQL, NodeJS

**Databases/tools:** MongoDB, VS Code, postman, IntelliJ idea

**Technologies/Frameworks:** GitHub, Git, ReactJS, Express JS, Heroku, Netlify
